INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF RASAN INFORMATION TECHNOLOGY COMPANY (A SAUDI JOINT STOCK COMPANY)

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Rasan Information Technology Company (A Saudi Joint Stock Company) (the "Company") and its subsidiaries (collectively with the Company referred to as "the Group") as at 30 June 2024, and the related interim condensed consolidated statement of comprehensive income for the three-month and six-month periods ended 30 June 2024, and the related interim condensed consolidated statements of changes in shareholders' equity and cash flows for the six-month period then ended, and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial statement consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

30 June 2024

2 BASIS OF PREPARATION

Statement of compliance

These unaudited interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by the Saudi Organization for Chartered and Professional Accountants.

Accounting convention

These unaudited interim condensed consolidated financial statements have been prepared on a historical cost basis except for the employees' defined benefit liabilities, which is measured at the present value of the liability using projected unit credit methodology.

Functional and presentation currency

These unaudited interim condensed consolidated financial statements are presented in Saudi Arabian Riyals ("SR"), which is also the Company's functional currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The unaudited interim condensed consolidated financial statements do not contain all information and disclosures required for full consolidated financial statements prepared in accordance with International Financial Reporting Standards ("IFRS") as endorsed in KSA and should be read in conjunction with the Group's consolidated financial statements for the year ended 31 December 2023. In addition, results for the six-month period ended 30 June 2024 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2024.

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent other than disclosed below with those followed in preparation of the Group's consolidated financial statements for the year ended 31 December 2023.

New standards, interpretations and amendments adopted by the Group

The Group has not early adopted any new standard, interpretation or amendments that have been issued but which are not yet effective. Standards, interpretations or amendments issued but not effective are not expected to have a significant impact on the interim condensed consolidated financial statements of the Group.

The following standard and amendments apply for the first time in 2024, but do not have an impact on the interim condensed consolidated financial statements of the Group:

Supplier Finance Arrangements - Amendments to IAS 7 and IFRS 7

In May 2023, the IASB issued amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures to clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The transition rules clarify that an entity is not required to provide the disclosures in any interim periods in the year of initial application of the amendments. Thus, the amendments had no impact on the Group's unaudited interim condensed consolidated financial statements.

Amendments to IFRS 16: Lease Liability in a Sale and Leaseback

In September 2022, the IASB issued amendments to IFRS 16 to specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendments had no impact on the Group's unaudited interim condensed consolidated financial statements.

Amendments to IAS 1: Classification of Liabilities as Current or Non-current

In January 2020 and October 2022, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement;
- That a right to defer must exist at the end of the reporting period;
- That classification is unaffected by the likelihood that an entity will exercise its deferral right; and
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

In addition, a requirement has been introduced whereby an entity must disclose when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months.

The amendments had no impact on the Group's unaudited interim condensed consolidated financial statements.

Significant judgment, estimates and assumptions

The preparation of the Group's unaudited interim condensed consolidated financial statements require management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses and assets and liabilities at the reporting date. Actual results may differ from these estimates. The significant judgments made by management in applying the Group's accounting policies and the key source of estimation uncertainty other than the change in the useful life of intangible assets were the same as those described in the latest annual consolidated financial statements.

On 1 April 2024, the management conducted a comprehensive review to reassess the useful life of intangible assets, taking into account economic, operational, performance, and other relevant factors. Based on this analysis, it was concluded that the useful life of the intangible assets was longer than previously estimated due to a change in the consumption pattern of the future economic benefits embodied in the assets. Consequently, management decided to extend (treated as a change in accounting estimates) the useful life of all classes of intangible assets from 5 years to 7 years starting from 1 April 2024. This change resulted in a decrease in amortization expense amounting to SR 1,009,281 for the three-months period ending 30 June 2024.
